Dear Jim:

On behalf of managers and staff at CGA-Canada, I would like to thank you for facilitating the three "Project Management—A Team Approach" workshops earlier this year.

As you know, approximately 60 people (half the staff) have now taken the course. We received very positive feedback from the participants, including the following comments:

- I felt the 2 days were a good, effective use of my time; kept my interest for 2 full days—almost unheard of!
- Very well led workshop—good balance between presentation & work activities
- I learned a lot. Thank you.
- Suggest that senior management (or others who are in the position of making strategic decisions) take this course.
- All the skills/tools you have taught us are practical and can certainly be implemented without great effort. Very beneficial course. Thanks.

Once again, Jim, thank you for getting us on the right track. We look forward to discussing future opportunities with you.

Sincerely,

Melissa Prasad
